Printing the Size Guide

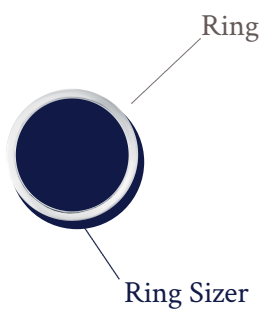

We recommend adjusting the “print settings” before printing out the Ring Size Guide to ensure the correct measurements. Please follow the instructions below:

- > Go to print settings
- > Make sure the “page scale” box is unchecked before printing.
- > Choose: “US letter” page size (8 ½ x 11 inches)
- > To assure that the print scale is correct, please measure the sample below.
- > If the scale is correct, the sample measurement will be exactly 2 cm.

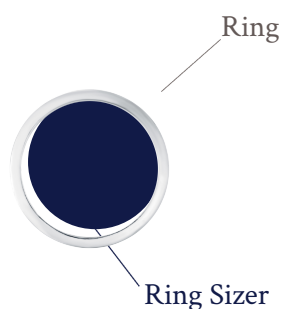

Using Padani Size Chart:

- > If you already own a ring that has a fit you are happy with, please place it on the closest sized circle in the Size Chart.
- > If you cannot find the exact size that fits your existing ring, and need to choose between two sizes, we recommend opting for the larger size.

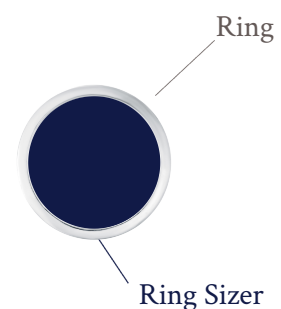

The ring is not aligned correctly,
In this case you need to opt for
a smaller size in the chart

Choose a smaller Size

The ring is not aligned correctly,
In this case you need to
opt for a larger size in the chart

Choose a larger size

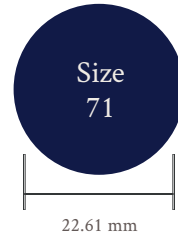

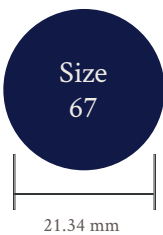

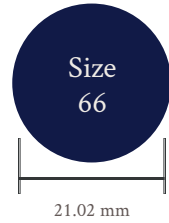

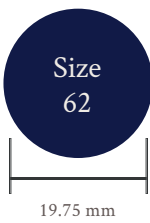

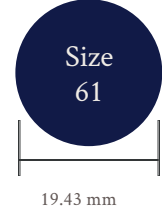

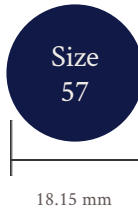

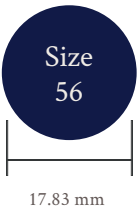

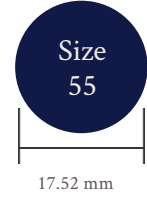

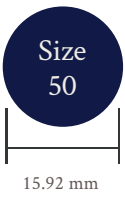

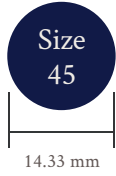

The ring is aligned correctly,
this is the size you need.

This is the right size
